Comparative Costs of Vehicle Shipment

New York to Far East (or vice versa) = \$31.70 per measurement ton

West Coast to Far East (or vice versa) = 28.50 " " "

\$ 3.20

Saving: \$3.20 x 13.5 = \$43.20

Military rates used as this means of shipment is usual to the Far East.

Average size car - Ford, Chevrolet, Plymouth = 13.5 measurement tons.

(Port handling charges of \$7.60 per measurement ton excluded from computation as this charge cancels out New York as against West Coast port.)

One measurement ton = 40 cu. ft.

Above figures obtained from Passenger Movements, Office of Logistics.
